Industrial Consulting Test Plan

Introduction

We have been asked to develop a software solution that can be used to automatically test the user experience and availability of a company's website. This test plan will define all the features that would need to be tested.

Testing feature	Description	Required Outcome	Real Outcome	Test Date
Edit URL	Dashboard will allow URL to be changed	PASS		
Make a request every x time (2 minutes)		PASS		
Edit a test plan		PASS		
Performance testing		PASS		
Load testing		PASS		
Blue/green testing		PASS
